Sir,

As you may be aware that after the launch of ECR there is no need of annual contribution return (Form 3A) for the annual interest processing. The details provided by the employer through monthly ECR will be utilized for crediting the interest in the members account.

2. In this regard, it is informed that the necessary changes in the Application Software are being carried out to credit the interest in the members account on the basis of the contribution details provided through ECR.

3. A revised provision for manually crediting the interest will be provided by the IS Division by 17<sup>th</sup> May 2013. Further IS Division is in the process of automating the process of interest crediting and the same may be expected by 15<sup>th</sup> June 2013.

4. The process of annual accounts updation for 2012-13 may please be initiated only after the implementation of upcoming software version (WAR) expected by 17<sup>th</sup> May 2013

5. This is for information and necessary action at your end and this issues with the approval of ACC (IS).
